

Segura Viudas

Extra Dry

Segura Viudas Extra Dry is a lightly sweet example of the broad range of quality cavas for which Spain's artisanal Segura Viudas winery is renowned. Made in the *méthode champenoise*, Segura Viudas Extra Dry features a traditional blend of native Spanish grapes grown in the Alt Penedès, the heart of Spain's renowned cava country.

Distinctive in its palate and nose, Segura Viudas Extra Dry is fruity and soft with an elegant, exceedingly fresh floral quality. A burst of vibrant acidity on the palate lends the wine a seductive intensity and fullness.
